

Dear Award Buyer,

Thank you for your interest in purchasing awards from Gist Silversmiths! At Gist, we believe there is NO substitute for the finest in quality and craftsmanship at every price point. We continually strive to provide our customers with fine quality, superior craftsmanship and reliable service.

Gist specializes in award product; our service level is enhanced through a consumer-direct marketing approach. Experienced sales personnel are available to answer your questions concerning materials, design and manufacturing and to provide recommendations for your unique award program. We believe an award buckle is presented to commemorate a significant achievement and therefore, each winner should be honored with a buckle reflecting the pride of a champion.

Through substantial corporate sponsorship programs, Gist supports many national organizations. These include APHA, NBHA, NCHA, NHSRA, NRCHA, PHBA, PtHA and USTRC, just to name a few. These groups in turn provide funding to enable competition at local and regional venues. We further assist regional affiliates and clubs through our discount program.

No matter what your buckle needs, Gist offers a product line to fit any budget. From *The Masters Collection* to *The Champions Minted Collection*, Gist buckles are crafted through a variety of manufacturing techniques in several material options. We take great pride in the wide variety of authentic event motifs offered; they have been sculptured to reflect superior three-dimensional detailing in the finished product. We also offer the opportunity to include corporate and association logos on most products.

Gist Silversmiths provides substantial discounts from 15% to 50% off the suggested retail price in our buckle catalogs (other product items may vary).
